Declaratory Resolution of 1891 Never Accepted by Railroad Company-Alabama-St. Asphalt Injunction.

viaduct proffer made by the railroad compressly stipulated that the exclusive occu-pancy of the street was not to be granted till the railway company complied in every way with the terms of the grant, which included the building of the viaduct. The question as to whether the street has

actually been vacated hinges on a feature of the resolution, which says the vacation shall not be legal till the provisions of the resolution have been accepted by the rail-way company. Another provision says the company shall promptly file its acceptance and bond. The resolution was not to be in force till then. There is no record whatever in the city archives of an acceptance by the company of the terms of the contract and the question arises whether the com-pany fow has the right to accept the grant, or whether it has been forfeited by the lapse of time since 1891, more than four

ruites yesterday was a notice sent the olution notifying the board that it had complied with the law relative to the on, nor was the property to be benefited or damaged described. The board was re-ferred to Sections 63 to 72, inclusive, of the ilty charter. It would seem that the old rd allowed the matter to go by default If Alabama street is not legally vacated,

and is yet an open street, this will have an portant bearing on the suit brought by he C., H. & D. company against the city Pogue's run bridge at Alabama street, the pany apparently contending that the poard had no right to order the repair of he bridge, as it is not on a public street,

out on vacated ground.

The vacating resolution has been in the hands of City Attorney Scott during the Denny administration, and it was for the first time that the present Board of Works saw it yesterday. He advised the board to spread the record on its minutes.

#### ALABAMA-STREET BIDS.

A Restraining Order Stops Contract Letting-Prices Too High.

A temporary restraining order from Judge Bartholomew stopped the further consideration of the North Alabama-street improvement by the Board of Public Works yesterday morning. It was the day for letting the contracts on the two sections, one running from Fort Wayne avenue to Morrison street and the other from Morrison street to Seventh. Even had the injunction not been issued, the board would have rejected the three bids submitted, as they were considered too high. The Warren-Scharf Company offered to put asphalt on the lower section for \$6.03 a foot, the Bermudez company was willing to do the work for \$6.08, while the bid of the Western Paving and oply Company was \$6.17. On the upper section the bids were: Warren-Scharf Company, \$7.75; Bermudez, \$7.50; Western Paving and Supply Company, \$7.38. One bid on California asphalt was rejected by the board. The temporary restraining order issued by Judge Bartholomew was at the instance of W. A. Van Buren, Mary Hoffman and other property owners. It is to be heard Nov. 4. Had the contract been let, the work would not have been done this winter.

Julius Keller obtained the contract for paving with cement the sidewalks of Delaware street between Washington street and Virginia avenue, on a bid of \$1.94. The walks are to be fifteen feet wide. Final estimates were allowed as follows: Ohio street, asphalt, from Mississippi street to West, \$11,836.96; Elm street, asphalt, \$15,-908.16; Eleventh street, gravel, \$1,079.20; East street, asphalt, Virginia avenue to Morris street, \$30,502.10; Beaty street sewer, \$1,318.83. The Water Company offered to lay a main on La Salle avenue from Washington to Moore street, a distance of 750 feet, and the board saw no objection. The city sanitarian complained of the stagnant water in East Market street from State avenue to Arsenal avenue.

#### SUCCESS OF ANTI-TOXIN.

It Effectually Checked an Epidemic

at German Orphans' Home. An extensive test of anti-toxin in diphtheria cases, made at the German Orphans' is quite a success, and City Sanitarian Wynn is enthusiastic over the results. On Oct. 3 diphtheria appeared at the institu-tion, where seventy children are cared for, and within two days there were eight mediately applied by hypodermic injection to these patients, and the preventive was applied to the other children in the home.

Although the patients had mingled with all the other children, causing great alarm to the authorities, there were no further deelopments of the disease, and the cases have progressed very satisfactorily.

#### As to Mercer & Co.

The Board of Works, in answer to a card of Mercer & Co., contractors, which appeared in yesterday's Sentinel, refer to the plaint made by the contractors is that the board actually compelled the firm to put an alley in proper repair after it had been torn up for sewer purposes. The board afterward refused to let a contract to the firm. It is shown that F. J. Davis, one of the firm, has no realty in his own name at his home in Hamilton, O., while W. O. Winn, the other member, has no real estate in Hamilton, Members of the board say they only insist that competing firms shall be parties whose business standing is satisfactory to the board.

John H. B. Nowland Celebrates the Event-Lived in This City Since 1820.

John H. B. Nowland, one of the veterancitizens of Indianapolis, celebrated his eighty-second birthday yesterday, at his home, on Waverly avenue. Mr. Nowland came to Indianapolis in 1820 and attended the first school that was opened here. He recalls many amusing reminiscences of his school days. After he left school he en-gaged in business with Henry Porter, Hervey Bates and Jacob Landis, He was connected with the Postoffice Department at Washington under President Tyler. For a man of his years Mr. Nowland is hearty and vigorous. He takes a deep interest in city affairs and laments the fact that the Council has found it necessary to change the names of streets that have been dear to him from boyhood.

Charged with Having More than the Legal Number of Wives.

A warrant for the arrest of Rev. James W. Carr, colored, pastor of the Second Baptist Church, of this city, has been placed in the hands of the detectives, but they have been unable to find him. The warrant is sworn out by a woman giving the name of Mrs. Carr, who claims to have been married to Mr. Carr at Clarksville, Tenn., in 1878, and that he deserted her and went to a town in Ohio, where he married a Miss Henrietta Ramsey. The officers think that Carr has fled to avoid arrest, but the members of his congregation believe their pastor to be a victim of a mistake.

#### CLOSE AT GRAVESEND

GOOD CARD FOR THE LAST DAY RUINED BY MANY SCRATCHES.

Handspring, the Favorite in the Aigeria Handicap, Defeated by Hazlet-Results of Other Races.

NEW YORK, Oct. 12 .- The good card which had been provided for the last day's raking at Gravesend was ruined by scratches, which came about through the pouring rain which spoiled the going. In the first race eleven were entered, but only five went to the post, with Ben Brush an odds-on favorite. The backing was justified, for he won very easily. In the second race there was a wild plunge on Captain T., and Governor Sheehan, who is known to be good in the mud, receded to 2 to 1 at the close. Governor Sheehan took the lead in the beginning of the race and held it to in the Algeria handicap, with Handspring as a strong favorite and Hazlett second choice. The flag fell to a good start, with Hazlett in front, which position he held easily to the end. In the Woodlawn handicap only three went to the post, Rey El Santa Anita taking the place of his stable companion. The light-weighted Rubicon jumped into the lead on the back stretch, widening the gap as they ran until he led by six lengths as they straightened out for home. He quit badly at the end, and only succeeded in winning from Flying Dutchman by a neck. Santa Anita was beaten off. Crescendo and Intermission were the only starters in the fifth race, with the former a prohibitive favorite. He led all the way and won as he pleased. Harry Reed was the favorite in the last race, in which four of the original eleven went to the post and closed the season at Gravesend, and was a winning favorite, the third of the day. Summaries:

NOT WHOLLY UNNECESSARY to take space to set forth facts that have been accepted for six years all over Indiana. There's some satisfaction in singing

an old song, in whistling a well-known tune, and above all it's a pleasant thing to meet an old friend.

As a cigar buyer you should know that

# Cubanola

Is the only five-cent cigar sold in Indiana that is exactly what it is represented to be-

Choice Long Havana Filler, Select, First-Pick Sumatra Wrapper.

Bear these facts in mind when you buy a Five-Cent Cigar.

Cubanola burns with a clinging, whitish-gray ash, and never bites the tongue. No artificial flavor.

Third Week=-The Great Bankrupt Sale=-Special Offerings

## Dress Goods, Cloaks, Furs and Underwear

We delighted the hearts of many a bargain sceker the past week, and with to-morrow and the balance of this week we propose to gladden thousands of others in like manner. Only this week will be the last of this sale, and, of course, the prices will be lower than ever. It will pay you to visit this sale. When we say bargains we mean just what we say. We have them; our goods are all bought for cash; we save all the big discounts that some don't get. We have no big offices to support East or any place else; no big, expensive buyers to pay. We buy our goods from the biggest and best manufacturers. We can save you at least 25 per cent. if you will only give us a chance. Expenses, you must know, makes the necessary cost put on the goods. We don't have these expenses. We don't have to put it on the goods.
